

**FOR IMMEDIATE RELEASE:**

***Combines to Computers at the 2009 Shenandoah County Fair***  
**August 28th – September 5th**  
Woodstock, Virginia  
February 10, 2009

Those who served and who serve still are set to be honored again at Veteran's Day at the Shenandoah County Fair on Sept. 2<sup>nd</sup> 2009.

This committee wants you!

Veterans, active duty U.S. Military and private citizens are invited to participate in the planning of Veteran's Day at the 2009 Fair. The first meeting will be held Wednesday Feb. 25<sup>th</sup> at 6 p.m. at the Shenandoah County Fair office. "We are planning many exciting events." said Interim Fair Manager Marcy McCann. "Last year's crew is back in action and ready to roll! The rain did not deter the veterans from arriving by the bus load in 2008 and we know the numbers will increase this year.

The National Guard's Blackhawk Helicopter has been requested again along with another military band. The day will be full of activities to honor the service of veterans and those currently serving in the US Military." Steve Jennings, Ron Keeler and Jim Sherry are committee members returning in 2009, but they can not do this alone. "We encourage citizens for surrounding counties join us as we work with this great group of folks who've served our country so well." said McCann.
